Abolition of the office of the Inspector of Agricultural Banks in Ireland.

Letter No 425-D/21-6.03.

Per genl order No JF 2244-6 D/ 19.6.03. the office of the Inspector of Agl Banks having been directed to be abolished the Inspector will discontinue ~~to~~ his ~~report~~ statistical enquiries to cease & report discontinued for the future in the Seasonal Return for the 1st September.

(Jne 03)

The Inspector of Irish Banks under the following heads

1). A number of direct Correspondence has passed between his office and the Banks, accounts &c, half yearly & yearly & a considerable sum has been obtained from each Bank. These are further to be made ab-

inspection by Officers of Branches of General Committee meetings and Correspondence with the District and Secretarial offices. Any letters with advantage be sorted indexed and sent in open files to the Branches Concerned for reference in their offices.

These may be sent to the Br Cmtes Concd - with a Circ - no index open files appear the best -

2) Open files were made for each Branch but having been made hurriedly they are imperfect Circulars - roughly written notes and details which require copying and bear no index. The Inspector therefore proposes that the clerical Establishment of his office Consisting of four boys may be employed for about a month on the work of sorting, copying and indexing & that he will help them without prejudice to their other work so his great many be placed in Satisfactory Order.

They may be sent as they are to District

They may bring all the records as here in the Senior Asst Cmtes Office be kept for more important work - We send Records to find room for these records

As directed in Govt. order No. 2246-69/19-6-03 re abolition of the office of the Inspector of Agricultural Banks - the Inspector submitted a statement showing the services of the officials in his office with their service registers.

Thereupon Govt. directed that the officials should be temporarily attached to the Genl & Rev. Secretariat and should be provided with appointments when vacancies occur in the offices of the Rev. Comr. & the Dy. Commissioners of Districts. The Rev. Comr. was also instructed requested to issue necessary instructions to the Dy. Comrs. in the matter and submit a progress report after six months.

The Rev. Comr. thereupon asked for and got a list showing the names, age, qualifications and length of service of the officials above referred to with a view to enable him to give intimation to the Dy. Comrs of Districts in the matter.

The Comptroller now requests to be informed as to what arrangements have been made to absorb the Establishment in the Secretariat & other Departments.

1. B. Krishnarajar - Ho Asst

In this connection, I beg to submit that the work of Compiling the Administration Report for 1903-04 will concerning the Agricultural Branches is a laborious one. It requires at least two hands to attend to it. All the clerks, except one, of the late Agricultural Inspectors Office have been absorbed - the one clerk left is attended to this important Financial work & more especially so since Raghavachar went away on privilege. Mr. J. Ward per Telegram - There is Miss Much Blue - Clone in the Financial Dept in checking the Agricultural Branches & there are only two

hands attending to the
the Budget with the being
done in the Accounts
Section. In my humble
opinion there will be delay
as there has been for
want of sufficient hands
Endeavour is however
being made to do the
utmost possible.

Office of the Inspector of Agricultural Banks
in Mysore,
Dated, Bangalore 21st June 1903.

From,
B. Ramaswami Aijangar,
Inspector of Agricultural Banks.

To
H. V. Nanjundayya Esquire, M. A. M. L.,
Secretary to the Government of His Highness
the Maharaja of Mysore,
General and Revenue Depts.
Bangalore.

Sir,

With reference to the Proceedings of Government No. R. 2244-6 dated the 19th Instant, I have the honor to state that as directed therein myself and the officials of this office will report ourselves for duty in the Secretariat on the 1st proximo, and to submit for favorable consideration and early orders, proposals for the sorting and disposal of the records etc which have accumulated in the office since the last six years.

2. In para 4 of my letter No. 255 dated the 16th June 1901, I submitted the following for consideration:

"In case there should be one or more central authorities between the Government and the inspecting officer or officers ..... the central authority should keep an open file for each

bank

bank within his jurisdiction, and such file, with the materials collected up to date of delegation (of inspecting officer), should be sent to the officer delegated, who should return it to the said authority, with necessary additions by himself to the notes or statistics in the file, together with his report in the form prescribed. A procedure like this will save considerable time and trouble not only to the officer deputed, but also to the authorities of the bank."

3. Under present arrangements, each Deputy Commissioner is the central authority in respect of the Banks in his District. The exigencies of District administration may not permit the same officer being deputed to do the inspection of a bank each successive half year. The different officers doing the work seem to go into the accounts afresh, from the beginning, and to record observations without full knowledge of what has transpired before and what previous inspecting officers have elicited or stated. In my opinion, an arrangement of the kind suggested in the above extract will not fail to be of material help to all concerned.

4. A mass of direct correspondence has passed between this Office and the Banks, and monthly, half yearly and yearly accounts have been obtained from each bank. There are, further, notes made at inspections

inspections, copies of proceedings of General Assembly meetings, and correspondence with the District and Secretariat offices. These may, with advantage, be sorted, indexed, and sent in open files to the Deputy Commissioners concerned for reference in their offices.

5. I have got open files made for each bank, but having been made hurriedly they are imperfect, contain roughly written notes and drafts which require copying, and bear no index. I beg to propose that the clerical establishment of this office, consisting of four hands, may be employed, for about a month, on the work of sorting, copying and indexing. I shall, if approved, help them with my supervision and instructions, without prejudice to such other work as the Government may be pleased to entrust to me.

6. I have, this day, sent intimation* to the proprietor of the present rented office-building, of the orders received for the transfer of the office to the Secretariat on the 1st proximo. If it is found difficult to find accommodation, at once in the Secretariat buildings for the records, books and furniture of this office, and for the clerks engaging themselves in the above work, the present building may be retained till about the end of June

* (Note. The proprietor has replied that the building may be used for the office as long as it is required for the purpose and vacated when no longer required, and that there was no necessity for any notice. 22/6/03.)

7

7. The Statement of the services etc of the officials of this Office, called for in the 7th above order of Government, will be submitted on or before the 27th Instant

I have the honor to be,
Sir,

Enclosure No.

Sir,

I have the honor to forward herewith, for favor of perusal, a copy of Yadi addressed by me to the Presidents and Agents of the Agricultural Banks in the District as to the procedure to be followed by them in the matter of correspondence, submission of accounts etc, in consequence of the abolition of the office of Inspector of Agricultural Banks from the 1st proximo as directed in Govt. Order No. R. 2446 dated 19th

10
19th Instant.

2. The monthly account and other papers referred to in para 1 of the Yadi will be of help in keeping the Dt. office in touch with the working of the banks. The papers noted in para 2 of the Yadi are such as may be sent by the banks concerned direct to the Registrar of Joint Stock Companies. On the suggestion of Mr. Chenniah Chetty, the Registrar permitted their transmission through this office to afford opportunity for rectification of errors and irregularities in the early stages of the Banks, when the Bank authorities were ignorant of forms and technicalities. As the banks have been working for over four years and have had repeated instructions as to forms and technicalities of procedure, I think the Dt. office may well be spared the correspondence necessitated by becoming an intermediary between the Registrar and the banks.

3. The existence of this office as a direct corresponding agency had given occasion for the belief among numbers of banks as well as among many of the Taluk officers, that the concerns of the banks related to a department foreign to the Revenue department, and in spite of my endeavours to correct this erroneous impression, it still seems to prevail to some extent leading to Taluk officers keeping themselves aloof as much as possible. I would venture to suggest that the Taluk authorities may be distinctly told to keep themselves in touch with the working of the institutions within their jurisdiction, and that to serve this end better you may if the course commends itself to you, direct the submission of the papers referred to in para 1 of the enclosed Yadi through the Taluk authorities.

I have etc.
